MEMORANDUM FOR: Acting Director of Security

Per our conversation of 14 July, I am returning the write-ups for [redacted] for Merit Awards. Each should get as a minimum the Certificate of Merit with Distinction. Additionally, I do not think the write-up of the Award is at all commensurate with the very significant accomplishment of these officers. I consider this a major breakthrough in the development of a technique. It showed great ingenuity and resourcefulness, solved a problem on which considerable research money had been previously expended with no satisfactory result, and it is providing a technique which will be of a tremendous benefit to the entire intelligence community and will greatly enhance the security of all classified U.S. missions abroad. All of these things should be highlighted to give due credit to these officers.
